

# Before you get a Quote: Your Basic Information

Before you make a solar enquiry, there are a few pieces of information you should have at the ready to make it easy for your local solar dealer to meet your needs and supply you with the right quote. These include:

**Your name.**

**Your full address.**

**The number of stories your house has.**

**The type of roof you have : Flat or pitched and Tin or tile.**

**No. of rooms your house has.**

**No. of people who live in the house.**

**Amount of your average electricity bill.** (avg the last 3)

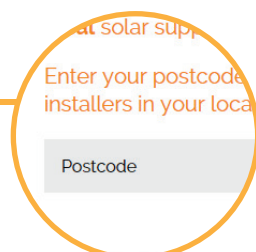

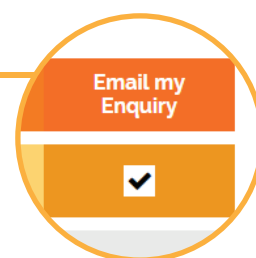

**Whether your household uses more electricity during the day or in the evening.**  
(on an average weekday)

**Don't forget, you can obtain as many quotes as you like** from the local solar installers listed on our site.

Simply call the numbers provided or use our quick and easy 'Email my Enquiry' service\* to contact multiple installers at once!

\*please note not all installers have elected to use the email service, however all installers have a phone number listed.

**To get started just type in your postcode** on our homepage and we'll give you a comprehensive list of installers in your area.

**P.S. Be sure to let your installer know you found them on Local Solar!  
We appreciate your support.**
